

About Us

Founded by University of Oxford students and alumni, Veratrak is transforming the way that pharmaceutical supply chain companies work together to deliver high quality and affordable medicine to patients.

We have a amazing talented team building a blockchain based solution for managing documentation sharing and collaboration in the pharmaceutical supply chain. We have funding from some of Europe's premier investors and recently won the University of Oxford "Innovation of the Year" award.

About EPOCH

The European Platform on Changing Healthcare (EPOCH) is an initiative run by Veratrak, which will bring together pharmaceutical supply chain experts, blockchain leaders, standards agencies, third-party consultants, and senior decision makers who have used blockchain within their organisation or are familiar with this technology, to examine the future of the pharmaceutical supply chain, and begin to disseminate the hype from the reality. This will be the first industry working group for blockchain in Europe and will include monthly webinars, 2 industry research reports, and 2 full-day workshops.

Project Manager - EPOCH initiative, London

Description

We are looking for a Project Manager to lead the EPOCH initiative. Your role will include coordinating internal resources and EPOCH members for the execution of projects. Additionally, as a project manager, you will be responsible for ensuring that all projects are delivered on-time, within scope and within budget. We anticipate that 2.5 days of your time will be devoted on the EPOCH initiative and the remaining 2.5 days will be focused on other externally facing aspects of the business. For example, as part of this role you will help develop a 'communications and content plan' which will assist to strategically communicate Veratrak's company strategy moving forward. The content you produce will featured on our website and social media, and key technology/industry publications. You will also be asked to create a set of key performance indicators (KPI's) to measure the performance of EPOCH and content creation against. These KPI's will be assessed on a quarterly basis.

As our team member you will have the chance to touch multiple aspects of the business across different streams of work, and all Veratrak team members have a voice in decision making, deciding on the short and long term strategy of the organisation.

About You

- Excellent client-facing and internal communication skills.
- Previous experience managing multiple stakeholders.
- Good written and communication skills.
- Solid organizational skills including attention to detail and multi-tasking skills
- A strong ability to work in a team with past examples of successful teamwork.

Preferred but not mandatory:

- Basic technical background, with understanding or hands-on experience in software development.
- Experience in supply chain management or the pharmaceutical industry.
- Experience working with large enterprise clients.

What We Offer

Career growth by working in a quick moving environment with exposure to multiple aspects of the organisation. You will get a glimpse into the pharmaceutical world and have the opportunity to improve healthcare by increasing the security and efficiency of the medical supply processes.

Improve your soft skills by learning interacting with senior decision makers across the pharmaceutical supply chain vertical, presenting and communicating to these individuals regularly.

A fantastic opportunity to be part of the team at a really exciting time in a rapidly growing business.

As an organisation, we strongly believe in sharing in our successes. As such, Veratrak employees receive equity in the company as part of their total compensation.

How to Apply

This is a full time position based in London.
